INTERNSHIP PROGRAM 2018

PASSION. DISRUPTION. RESPECT.

VOKKE

Discover. Build. Disrupt.

580 Church St,
Richmond, VIC, 3121
Phone: +61 3 9240 3127

Vokke is a custom software development company based in Melbourne, Australia. Through our diverse team of professional engineers and analysts, Vokke strives to deliver the highest quality cloud based software to businesses with the vision of creating disruptive change. Our software spans many industry verticals, including healthcare, finance and logistics.

The purpose of this internship is to get first hand experience in the process of creating robust, business critical software, with a strong emphasis on software testing and quality control.

We are looking for an individual who is passionate about information technology and software development, has a deep desire to innovate and learn, and who values industry experience and a hands-on approach to learning. Successful interns will be treated as a full member of the team, and will be involved in all business processes that our full-time team members participate in.

Successful interns will have the chance to:

- Work alongside software engineers to identify and resolve software defects, and,
- Perform Quality Control checks on software builds to help ensure quality

Required skills:

- Ability to comprehend complex business requirements and their ramifications to system design,
- Ability to communicate clearly and respectfully, and,
- Ability to embrace our cultural and social values,

If you have any of the follow skills, let us know, as we can look at adding extra roles to your internship:

- Experience with Javascript or associated frameworks (Backbone, Marionette, Angular, React)
- Experience with PHP and associated frameworks (Laravel, Symfony, Slim)
- Experience in system administraiton (Linux) or cloud services (AWS)
- Experience in information security (Infosec)
- Experience in system design and analysis (OOD/A or product management)

To apply for this position, please upload your CV, a cover letter, a copy of some photo ID and a copy of your academic transcript. In your CV, please highlight why you believe an internship at Vokke would be beneficial to you. You must be comfortable undergoing a police check if necessary (paid for by Vokke).

Vokke's foundation sits on a strong sense of social and cultural values. Please have a read of them at <http://vokke.com.au/about-us/> and make sure you're comfortable embracing them with us.
